§ 2. State policy

Currentness

It is hereby declared to be the policy of the State of California to develop the harbors and ports of this state for multiple purpose use for the benefit of the people. A necessity exists within Humboldt County for such development. Because of the separate cities and unincorporated populated areas in the area hereinafter described, only a specially created district can operate effectively in developing the harbors and port facilities, and in developing and protecting the natural resources of the area. Because of the unique problems presented by this area, and the facts and circumstances relative to the development of harbor and port facilities, and to the development and protection of the natural resources of the area, the adoption of a special act and the creation of a special district is required.

(a) No individual, agency, association or corporation, including the district itself, now subject, or which hereafter may become subject, to the jurisdiction of the district shall be granted any permit, lease, franchise, right or privilege without the board having first found, after consideration of the impact of the proposed use upon the air, water, land, environment and ecology of the lands under the jurisdiction of the district, that such proposed uses are necessary to promote the safety, health, comfort and convenience of the public, and that they are required by the public convenience and necessity, and that such proposed uses will not have any substantial adverse environmental or ecological effect.

(b) Every applicant shall be required to present satisfactory proof that the proposed use will not have any substantial adverse environmental or ecological effect.

(c) Every successful applicant shall, annually, on or before January 1, furnish a report to the board. Such report shall contain such information as is prescribed by rule, resolution, or ordinance of the board.

(d) The individual, agency, association, or corporation desiring to obtain any permit, lease, franchise, right, or privilege shall file a request with the board in not less than the period of time specified by rule or regulation of the board prior to the date of the required decision by the board. The application shall contain such information as is prescribed by rule, resolution, or ordinance of the board.

(e) Notice of the filing of each application shall be given by the board to the county and municipal planning commissions and to the county and municipal legislative bodies and, in addition, to the Secretary of the Resources Agency, representing the Departments of Conservation, Water Resources, Parks and Recreation, Fish and Game, and Navigation and Ocean Development, to the Department of Public Health, to the State Water Resources Control Board, to the North Coastal Regional Water Quality Control Board, to the State Air Resources Board, to any appropriate county or regional air pollution control district, to the Department of Public Works, and to the State Lands Commission. Such publication shall be no later than 10 days after filing of the application.

(f) Those to whom notice has been sent under subdivision (e), and any other party entitled under the board's rules to participate in such proceedings, may, within 30 days after the notice was mailed and published, request the board to hold a hearing on the application. Any such request should include the reasons therefor. If the board, as a result of its preliminary investigation after such request, determines that public hearings should be held, it shall fix a date for such a hearing and shall mail notice of the hearing to each party who is entitled to notice or who has requested a hearing.

(g) The board shall find, as required by subdivision (a), that a proposed permit, lease, franchise, right or privilege is required by the public convenience and necessity only if it finds that the proposed use is (1) reasonably required to promote area growth and to meet area demands, and does not adversely affect the environment or ecology of the area to any substantial degree, and (2) will not produce an unreasonable burden on the natural resources and aesthetics of the area, on the public health and safety and air and water quality in the vicinity, or on parks, recreational and scenic areas, historic sites and buildings, or archeological sites in the area.

Currentness

The Legislature finds and declares all of the following:

- (a) It is the policy of the state to ensure the safety of persons, vessels, and property at Humboldt Bay, and to avoid damage to those waters and surrounding ecosystems as a result of vessel collision or damage by providing competent, efficient, and regulated pilotage for vessels.
- (b) The maritime industry is necessary for the continued economic well-being and cultural development of California.
- (c) Humboldt Bay provides a vital transportation route for industry.
- (d) Increased vessel size, traffic, and cargoes carried in bulk create substantial hazards to life, property, and values associated with Humboldt Bay.
- (e) The federal government historically has endorsed the policy of providing minimum standards to assure the safety of ports and waterways while encouraging state control over pilot qualifications and licensing.
- (f) A program of pilot regulation and licensing is necessary to ascertain and guarantee the qualifications, fitness, and reliability of personnel for safe pilotage of vessels in Humboldt Bay.
- (g) The need to assure safe and pollution free waterborne commerce requires that pilotage services be employed in the confined and crowded waters of Humboldt Bay.

(h) Bar pilotage in Humboldt Bay has been continuously regulated by a state board since 1850 and that regulation and licensing should continue.

§ 36. Performance of work; contracts and bids; emergencies; consulting services

Currentness

The district may itself, without letting contracts therefor, do work and make improvements. The work shall be done under the direction of its officers or employees in accordance with the following paragraph:

In the construction or reconstruction of public buildings, streets, utilities and other public works, and in furnishing supplies, materials, equipment or contractual services for the same, when the expenditure therefor shall exceed the sum of five thousand dollars (\$5,000), the same shall be done by written contract, except as otherwise provided in this act, and the board, on the recommendation of the chief executive officer, shall let the same to the lowest responsible and reliable bidder, not less than 10 days after advertising for one day in the official newspaper of the district for sealed proposals for the work contemplated. All maintenance or repair projects where the cost of materials and labor exceeds three thousand five hundred dollars (\$3,500) shall be let to the lowest responsible and reliable bidder. If the cost of the public contract work exceeds the sum of three thousand five hundred dollars (\$3,500), but is not in excess of five thousand dollars (\$5,000), the board may let the contract without advertising for bids, but not until the chief executive officer shall have secured competitive prices from contractors interested, which shall be taken under consideration by the board before the contract is let. The board may, however, upon the recommendation of the chief executive officer and by a vote of a majority of its members, order the performance of any such construction and reconstruction or repair work by appropriate district forces when the estimates submitted as part of the chief executive officer's recommendation indicate that the work can be done by the district forces more economically than if let by contract.

In case of a great public calamity, such as extraordinary fire, flood, storm, epidemic or other disaster the board may, by resolution passed by a vote of a majority of its members, determine and declare that the public interest or necessity demands the immediate expenditure of district money to safeguard life, health or property, and thereupon they may proceed, without advertising for bids or receiving the same, to expend, or enter into a contract involving the expenditure of any sum required in such emergency, on hand in the district fund and available for such purpose. All contracts before execution shall be approved as to form and legality by the attorney for the district.

Contracts for consulting services shall be let only after submission of proposals and evaluation of the expertise, experience, and proposed price of the vendor. Contracts for consulting services not limited to a specific project shall not exceed one year in length.

The provisions of this section do not apply to any contract for architectural, engineering, legal, or auditing services.

West's Ann.Cal.Harb. & Nav.Code App. 2, § 59

§ 59. Negotiable promissory notes; issuance; conditional sales contracts; execution; purposes; limitations; taxation for payment

Currentness

Notwithstanding any other provision of this act, the board may borrow money by issuance of negotiable promissory notes, or execute conditional sales contracts to purchase personal property, in an amount or of a value not exceeding in the aggregate at any one time the sum of two hundred thousand dollars (\$200,000), for the purposes of the acquisition, construction, completion or repair of any or all improvements, works, property or facilities authorized by this act or necessary or convenient for the carrying out of the powers of the district.

Notwithstanding any other provision of this act, the board may borrow money, until June 30, 1975, by the issuance of negotiable promissory notes to provide working capital for the necessary expenses of conducting the district, provided that at the time of issuance of any such notes the aggregate amount of said notes outstanding and issued for such purpose shall not exceed one-fourth of the annual budget for such expenses for the fiscal year (or portion thereof in the case of 1970-1971) in which such borrowing occurs.

Notwithstanding any other provision of this act, the board may borrow money, until June 30, 1975, by the issuance of negotiable promissory notes to provide any or all sums required to be paid pursuant to the provisions of [Section 64](#) of this act.

Negotiable promissory notes issued pursuant to this section shall mature in not exceeding five years from their respective dates and shall bear interest at a rate or rates not exceeding 7 percent per annum payable annually or semiannually.

No conditional sales contract shall be for a term in excess of five years from the date of execution thereof.

The negotiable promissory notes and the conditional sales contracts shall contain such terms and provisions as the board shall specify in the ordinance providing for the issuance thereof. The negotiable promissory notes shall be signed in the same manner as general obligation bonds of the district and the conditional sales contracts shall be signed in the same manner as other contracts of the district.

As a condition precedent to the issuance of any negotiable promissory notes for the purposes of the acquisition, construction, completion or repair of any or all improvements, works, property or facilities authorized by this act or necessary or convenient for the carrying out of the powers of the district or the execution of any conditional sales contract for such

purposes, as provided in this section, in excess of twenty-five thousand dollars (\$25,000), the board shall first unanimously approve by resolution and have on file a report approved by the chief executive officer on the engineering and economic feasibility relating to the project contemplated for the expenditure of said borrowed money or conditional sales contract. Said feasibility report shall be prepared and signed by an engineer or engineers licensed and registered under the laws of the State of California.

Taxes for the payment of all negotiable promissory notes or conditional sales contracts issued under this section shall be levied, collected, paid to the district and used in the same manner as is hereinafter provided for general obligation bonds of the district.

Article 3. General Obligation Bonds

West's Ann.Cal.Harb. & Nav.Code App. 2, § 60

§ 60. Issuance; terms; sale; disposition of funds; refunding bonds

Currentness

Whenever the board deems it necessary for the district to incur a general obligation bonded indebtedness for the acquisition, construction, completion or repair of any or all improvements, works, property or facilities, authorized by this act or necessary or convenient for the carrying out of the powers of the district, it shall, by ordinance, adopted by a majority of all members of the board, so declare and call an election to be held in said district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of general obligation bonds of said district. Said ordinance shall state:

- (a) The purpose for which the proposed debt is to be incurred, which may include expenses of all proceedings for the authorization, issuance and sale of the bonds.
- (b) The estimated cost of accomplishing said purpose.
- (c) The amount of the principal of the indebtedness.
- (d) The maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 40 years from the date thereof or the date of each series thereof.
- (e) The maximum rate of interest to be paid, which shall not exceed 7 percent per annum.
- (f) The proposition to be submitted to the voters.
- (g) The date of the election.

(h) The manner of holding the election and the procedure for voting for or against the measure.

Notice of the holding of such election shall be given by publishing, pursuant to [Section 6066 of the Government Code](#), the ordinance calling the election in at least one newspaper published in such district. No other notice of such election need be given. Except as otherwise provided in the ordinance, the election shall be conducted as other district elections.

If any proposition is defeated by the electors, the board shall not call another election on a substantially similar proposition to be held within six months after the prior election. If a petition requesting submission of such a proposition, signed by 15 percent of the district electors, as shown by the votes cast for all candidates for Governor at the last election, is filed with the board, it may call an election before the expiration of six months.

If a majority of the electors voting on the proposition vote for it, then the board may, by resolution, at such time or times as it deems proper, issue bonds of the district for the whole or any part of the amount of the indebtedness so authorized and may from time to time, in such resolution or resolutions, provide for the issuance of such amounts as the necessity thereof may appear, until the full amount of such bonds authorized shall have been issued. Said full amount of bonds may be divided into two or more series and different dates and different dates of payment fixed for the bonds of each series. A bond need not mature on an anniversary of its date. The maximum term the bonds of any series shall run before maturity shall not exceed 40 years from the date of each series respectively. In such resolution or resolutions the board shall prescribe the form of the bonds and the form of any coupons to be attached thereto, the registration, conversion and exchange privileges, if any, pertaining thereto, and fix the time when the whole or any part of the principal shall become due and payable.

The bonds shall bear interest at a rate or rates not exceeding 7 percent per annum, payable semiannually, except that the first interest payable on the bonds or any series thereof may be for any period not exceeding one year as determined by the board. In the resolution or resolutions providing for the issuance of such bonds the board may also provide for call and redemption of such bonds prior to maturity at such times and prices and upon such other terms as it may specify, provided that no bond shall be subject to call or redemption prior to maturity unless it contains a recital to that effect or unless a statement to that effect is printed thereon. The denomination or denominations of the bonds shall be stated in the resolution providing for their issuance, but shall not be less than one thousand dollars (\$1,000). The principal of and interest on such bonds shall be payable in lawful money of the United States at the office of the treasurer of the district or at such other place or places as may be designated, or at either place or places at the option of the holders of the bonds. The bonds shall be dated, numbered consecutively and shall be signed by the chairman and treasurer, countersigned by the clerk and the official seal of the district attached. The interest coupons of such bonds shall be signed by the treasurer. All such signatures, countersignatures and seal may be printed, lithographed or mechanically reproduced, except that one of such signatures or countersignatures on the bonds shall be manually affixed. If any officer whose signature or countersignature appears on bonds or coupons ceases to be such officer before the delivery of the bonds, his signature is as effective as if he had remained in office.

The bonds may be sold as the board determines by resolution but for not less than par. Before selling the bonds, or any part thereof, the board shall give notice inviting sealed bids in such manner as it may prescribe. If satisfactory bids are received the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders the board may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

Delivery of any bonds may be made at any place either inside or outside the state, and the purchase price may be received in cash or bank credits.

All accrued interest received on the sale of bonds shall be placed in the fund to be used for the payment of principal of and interest on the bonds and the remainder of the proceeds of the bonds shall be placed in the treasury to the credit of the proper improvement fund and applied exclusively to the purpose for which the debt was incurred; provided, however, that when said purpose has been accomplished any moneys remaining in such improvement fund (a) shall be transferred to the fund to be used for the payment of principal of and interest on the bonds, or (b) shall be placed in a fund to be used for the purchase of outstanding bonds of the district.

After the expiration of three years after a general obligation bond election the board may determine, by ordinance adopted by a majority of all the members of the board, that any or all of the bonds authorized at said election remaining unsold shall not be issued or sold. When the ordinance takes effect, the authorization to issue said bonds shall become void.

Whenever the board deems that the expenditure of money for the purpose for which the bonds were authorized by the voters is impractical or unwise, it may, by ordinance adopted by the majority of all members of the board, so declare and call an election to be held in the district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of such bonds for some other purpose. The procedure, so far as applicable, shall be the same as when a bond proposition is originally submitted.

The board may provide for the issuance, sale or exchange of refunding bonds to redeem or retire any bonds issued by the district upon the terms, at the times and in the manner which it determines. Refunding bonds may be issued in a principal amount sufficient to pay all or any part of the principal of such outstanding bonds, the interest thereon and the premiums, if any, due upon call and redemption thereof prior to maturity and all expenses of such refunding. The provisions for this section for authorization, issuance and sale of bonds shall apply to the authorization, issuance and sale of such refunding bonds; except that when refunding bonds are to be exchanged for outstanding bonds the method of exchange shall be as determined by the board.

(b) The district or its successors shall not, at any time, grant, convey, give or alienate said lands, or any part thereof, to any individual, firm or corporation for any purposes whatsoever; provided, that said district, or its successors, may grant franchises thereon for limited periods, not exceeding 66 years, for wharves and other public uses and purposes, and may lease said lands, or any part thereof, for limited periods, not exceeding 66 years, for purposes consistent with the trusts upon which said lands are held by the State of California, and with the requirements of commerce and navigation, and collect and retain rents and other revenues from such leases, franchises and privileges. (h) Such lands are granted subject to the express reservation and condition that the state may at any time in the future use the lands or any portion thereof for highway purposes without compensation to the city, its successors or assigns, or any person, firm or public or private corporation claiming under it, except that in the event improvements, betterments or structures have been placed upon the property taken by the state for such purposes, compensation shall be made to the person entitled thereto for the value of his interest in the improvements, betterments or structures taken or the damages to such interest.

(i) The State Lands Commission shall, at the cost of the district, survey and monument said lands and record a description and plat thereof in the office of the County Recorder of Humboldt County.

(j) As to any tidelands and submerged lands conveyed to the district by a city which are subject to a condition contained in a grant of said lands to the city by the state that said lands shall be substantially improved within a designated period or else they shall revert to the state, such condition shall remain in effect as to said lands and shall be applicable to the district.

(k) As to any tidelands and submerged lands conveyed to the district by a city which are not subject to such a condition contained in a grant by the state and which have not heretofore been substantially improved, and as to any state-owned tidelands and submerged lands granted to the district pursuant to this act, said lands, within 10 years from the effective date of this act, shall be substantially improved or ecologically enhanced by the district without expense to the state.
