COMMUNICATIONS AND REPORTS

CHIEF EXECUTIVE OFFICER REPORT

- Travelled with Commissioner Wilson to Washington, D.C. and met with legislative delegates; presented a binder to show them the projects the District has been working on and where grant money has been spent. Stated District lobbyist Will Edington also took a few binders and will meet with others they did not have time to meet. Reported they talked of many subjects: Homeland Security grants; the fire boat saving 200 jobs in the first six months of its acquisition; PORTS; Brownfields Phase One funding and the possible Freshwater Tissue Company property purchase; mariculture and jobs.
- Thanked Army Corps of Engineers for ten days additional dredging funding; $1.6 million short this year on dredging funds; the North jetty could be breached by one major storm; Congressman Huffman letter joined in as co-sponsor on the Harbor Maintenance Trust Fund bill.

Commissioner Higgins stated if there are problem spots, the District needs to respond.

Director of Conservation there is a short time frame for public comment which closes before the next meeting; and since the intent of the Commission has been clearly laid out, a response letter will be forthcoming.

Bill McBroome asked where he could get this information. Director of Conservation stated the District office should have a copy by next week and he hopes to get a link on the website.
