

NO COAL HUMBOLDT

December 9, 2021

Dear Humboldt Bay Harbor Commissioners,

Coal interests are moving to seize the North Coast Railroad Authority's rail line in a scheme to ship coal out of Humboldt Bay to Asia.

This is a threat to our community and our planet. Please act immediately to help prevent this nightmare from becoming a reality.

Jurisdictions across the West Coast have adopted ordinances that build upon local government authority to prohibit or impede similar projects. Please use your authority to bar the storage and export of coal from Humboldt Bay.

Please also continue to support railbanking the NCRA's rail line from Willits to Humboldt Bay for the Great Redwood Trail.

Sincerely,

Thomas Wheeler
