WHEREAS, the Board of Commissioners of the Humboldt Bay Harbor, Recreation, and Conservation District is empowered by Appendix II of the Harbors and Navigation Code, and its own ordinances and resolutions, to grant permits, leases, rights, and privileges;

WHEREAS, no permits, rights, leases, and privileges may be granted without first having considered certain potential impacts and without first having made findings relative to said impacts;

WHEREAS, the Sequoia Investment X, LLC has applied to the Humboldt Bay Harbor, Recreation, and Conservation District for Hog Island Oyster Dock Repair Project "Project"; and

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of the Humboldt Bay Harbor, Recreation and Conservation District as follows:

1. That the Board of Commissioners of the Humboldt Bay Harbor, Recreation and Conservation District has found, after considering the impact of the proposed use upon the air, water, land, environment, and ecology of the lands under the jurisdiction of the Humboldt Bay Harbor, Recreation, and Conservation District, that:

 - b) The proposed uses are required by the public convenience and necessity;
 - c) The proposed uses will not have any substantial adverse environmental or ecological effect;
 - d) The proposed use is consistent with the Humboldt Bay Management Plan;
 - e) The permit, right, or privilege is reasonably required by public convenience to promote growth, and to meet area demands, and does not adversely affect the environment or ecology of the area to any substantial degree; and
 - f) The proposed use will not produce an unreasonable burden on the natural resources and aesthetics of the area, on the public health and safety, and air and water quality in the vicinity of Humboldt Bay, or on the parks, recreation and scenic area, historic sites and buildings, or archeological sites in the area.
