

ADDENDUM NO. 2

June 8, 2021

Humboldt Bay Harbor, Recreation and Conservation District

Notice of Request for Bids

Tuluwat Island Spartina Removal Project

See the following questions received and responses:

Question 1. Please clarify the term “duration” in item X.3 (p10) “Consulting archaeologist (and tribal monitors) shall be present for the duration of work activity.” It is our understanding that consultation by a qualified Archaeologist will only be required periodically, to establish Exclusion ESAs and to identify uncovered historic or pre-historic material for instance, not on a daily basis which may be occurring 7-days-week during initial clearing efforts.

Response: The archeologist and tribal monitors must be present during any activity that has the potential to disturb the soil.

Question 2. Will the implementing entity be required to provide funds to ensure periodic Wiyot tribal monitoring?

Response: The tribal monitors will be funded separately from the awarded contract. Funding for the tribal monitors should not be included in the bids. The archeologist and osteologist will be funded through the awarded contract and funding for these positions needs to be included in the bids.

Question 3. Are we correct that Caltrans is conducting protocol-level, seasonal plant-surveys throughout the Spartina removal areas on Tuluwat in the spring/summer of 2021 and that the implementing entity will be provided with GPS locations of any special-status plants found by August of 2021?

Response: Yes, this is correct.

A new determination has been made with regards to prevailing wage requirements. Item 11 of the solicitation currently states:

11. Prevailing Wage Requirements

The work to be completed requires Prevailing Wages as required by the California Department of Industrial Relations (DIR). Work specifically involving the removal, maintenance, and monitoring of Spartina is subjected to Prevailing Wage requirements. General Prevailing Wage Rate Determinations applicable to this project may be obtained from the DIR website at: <https://www.dir.ca.gov/OPRL/DPreWageDetermination.htm>.

Bidders acknowledge that State General Prevailing Wage Rates will apply for this contract and, if awarded, it is the Bidder’s responsibility to ensure the payment of appropriate prevailing wage rates to all employees who participate on the Agreement throughout the Project duration. Bidders agree to comply with all of the applicable provisions of the Labor Code including those provisions requiring the payment of not less than the general prevailing rate of wages. Bidders further agree to the penalties and forfeitures provided in said Code in the event a violation of any of the provisions occurs in the execution of this Agreement.

Per this addendum, Item 11 is replaced with the following text:

11. Prevailing Wage Requirements

This project is exempt from prevailing wage requirements.

Due to the change in the prevailing wage requirements, the deadline for submittal of bids and qualification is extended to **July 16, 2021**. The contract award will be made at the regularly scheduled Harbor District Board Meeting on August 12, 2021 or at an earlier Harbor District Special Board Meeting.

The following information was added:

- **Optional Virtual Pre-Bid Meeting Time on June 22, 2021: 2:00 P.M.**
