**Re: Notice of Extended Comment Period for the Notice of Preparation of a Draft Environmental Impact Report for the Humboldt Bay Offshore Wind Heavy Lift Multipurpose Marine Terminal Project (SCH No. 2023060752)**

---

The Humboldt Bay Harbor, Recreation and Conservation District (Harbor District) is the lead agency responsible for preparation of an Environmental Impact Report (EIR) under the California Environmental Quality Act (CEQA) for the Humboldt Bay Offshore Wind Heavy Lift Multipurpose Marine Terminal Project (SCH No. 2023060752). The Notice of Preparation for the proposed project was issued on June 27, 2023. The comment period was initially scheduled to close on August 3, 2023 and a public scoping meeting was held on July 12, 2023. The Harbor District has chosen to extend the Notice of Preparation comment period through August 25, 2023. All comments must be received or postmarked on or before August 25, 2023.

Agencies, organizations, and interested members of the public are invited to provide input on the scope of the environmental analysis. If you are a responsible or trustee agency, the views of your agency are requested as to the scope and content of the environmental information which is germane to your agency's statutory responsibilities in connection with the proposed project. In the event that no response or no well justified request for additional time is received by any responsible agency or trustee agency by the end of the review period, we presume that these agencies have no response. Comments may be submitted in writing during the review period and addressed to:

Rob Holmlund
